

Game instructions

This game will require 2 people. Both players will need to pick a one shape (square or triangle). Once you have chosen your shape, you will need to pick questions cards and pick which question you will answer; 1 = one move, 2 = two moves and 3 = three moves. If your answer is wrong, you will move back one square. The aim is to be the first one who reaches the finish line.

Good luck and have lots of fun playing this game!
