7th October 2022

Dear Parents and Carers

As a school we are fortunate to have links with Sarah Day and her colleagues who run amazing Caveman experience day experiences. They are experts on pre-history and share their knowledge in a child friendly, accessible way that complements the children's learning in school and brings it to life.

Year 3 will be taking part in the experience on Monday 7th and Tuesday 8th November 2022. This will include learning about the Stone Age in detail, and then moving onto the Bronze and Iron Age, which is a fantastic way for children to experience history and develop a better understanding of the chronology of the past. The children get to see and listen first hand to how people in the Stone Age lived and hunted for their food and how this changed over time.

As part of the experience the yurt is pitched in the school grounds and the team bring with them a range of resources and activities for the children to be immersed in. As the visit is coming to us, we will be able to enjoy a full day of history and make lasting, memorable links to the past. The school will be part funding this activity and we are asking for voluntary contributions of £20 per child to cover the remainder of the cost. If you have any questions regarding payment, please contact the school office. If enough voluntary parental contributions are not given the event will have to be cancelled. Payment can be made as usual through ParentPay.

Yours sincerely

Mr Whitehead & Miss Nichols Year 3
