SNACK IN NURSERY FROM SEPTEMBER 2025

18.07.2025

Dear Parents and Carers,

Recent changes in the EYFS framework for 0–5-year old nutrition has stated that children should be provided with a balanced diet during the day including snack times from September.

To ensure we can provide children with a balanced diet we will be introducing a charge for snack. This is a **voluntary charge** if you wish your child to have a choice of crumpets, pitta bread, crackers and breadsticks alongside the free fruit that school provide. The charge is 25p per session. A session is broken down by morning and afternoon. If your child is here all day that would total 50p a day.

If you wish to not pay for the additional snack your child is still able to have the free fruit provided or alternatively you may bring in a healthy snack in a named container which consists of fruit or a plain biscuit. When providing fruit from home could you please ensure any grapes are cut vertically to prevent a choking hazard.

Kind regards

Miss Gray, Mrs Lilley and Mrs Barkworth
