## About this event

We know that keeping our children safe online is a huge challenge; in a recent survey (the LSCP 2021 Keeping Safe Online Survey) it was shown that many parents were unaware of their children's online activities. The survey also showed when parents talked openly to their children about their activity online, those students were less likely to experience cyberbullying and more likely to access support.

This is a great opportunity to support parents to gain the information and tools to help you feel confident to protect your children and young people from online harm.

Dan Hawbrook is Lincolnshire County Councils Online Gur, he is amazing and will chat you through different apps, online trends, parental controls and answer any other burning questions you may have! Sign up is required.
