Headteacher: Miss S Gray

## Are you interested in supporting your child's school by becoming a reading volunteer?

### Do you have some spare time during the week?

If you answered yes to these questions, then we would love to hear from you!

## 2026 is the National Year of Reading—a great year to offer your support.

In school, we aim to develop children's love of reading, and teach the skills needed to become efficient and fluent readers. To maximise learning potential, we rely on the generosity of parents and volunteers who offer time to hear our children read and also discuss key events in the texts.

If you feel that you would like to become a reading volunteer, please click on the link to register your interest. [Long Sutton Primary- Reading Volunteers = register your interest – Fill in form](#)

We can be flexible around the times that you are available and will provide support in working with children. Once your interest has been registered and your availability has been confirmed, the School will apply for a DBS (Disclosure and Barring Service) check on your behalf. This is a requirement for all adults working alongside children.

The children really benefit from working alongside volunteers. Also, our current volunteers express their enjoyment of working with our amazing pupils.

If you have any further questions regarding volunteering, please enquire via the School Office. We look forward to hearing from you.

Mrs. Clark  
(Year 5 Class Teacher and Reading for Pleasure Project Lead)
